**Application form for Admission to L<sup>A</sup>T<sub>E</sub>X Programme**  
(This is a fillable PDF form. You can't save after filling. Fill it and print it.)

1. Name of Applicant (in BLOCK letters) \_\_\_\_\_
2. Father's Name \_\_\_\_\_
3. Status / Designation \_\_\_\_\_
4. Department \_\_\_\_\_
5. Local Address \_\_\_\_\_  
\_\_\_\_\_
6. E-mail address \_\_\_\_\_
7. Telephone Number \_\_\_\_\_
8. Date of Birth \_\_\_\_\_ Nationality \_\_\_\_\_ State \_\_\_\_\_
9. Sex (Male / Female) \_\_\_\_\_
10. Operating systems known (MS-DOS/MS Windows/Linux/Unix): \_\_\_\_\_
11. Level of knowledge of computers (Good/Moderate/Nil) : \_\_\_\_\_
12. Access to Computer (Lab / Home / Both / No access) : \_\_\_\_\_
13. Prior knowledge of T<sub>E</sub>X/L<sup>A</sup>T<sub>E</sub>X (Yes/No) \_\_\_\_\_
14. Reasons for joining the course : \_\_\_\_\_  
\_\_\_\_\_

Signature of the Applicant

Signature of Supervisor

Signature of the  
Head of the Department  
(with seal)

Second Training Programme on  
Tools for Scientific Documentation :  
L<sup>A</sup>T<sub>E</sub>X, JabRef, DocEar and other open source software

Keeping in view the large waiting list for the Training Programme on “Tools for Scientific Documentation : L<sup>A</sup>T<sub>E</sub>X, JabRef, DocEar and other open Source Software” held from January 2 – 12, 2018, it was decided to hold another training programme in the month of February, 2018.

**About the Programme :** Documenting scientific research in the form of scientific publications in journals and submission as Ph.D. Thesis is an important activity. Research scholars face many problems in preparing their manuscripts for publication in international journals. Some times the editors suggest to submit the paper to some other journals. In traditional wordprocessors it takes much effort and time to change the manuscript from one journals format to another journals format.

Many open source software are available to solve these problem. L<sup>A</sup>T<sub>E</sub>X is known to select scientific community only. It has capabilities like creating beautiful equations with cross referencing, list of tables, list of figures, table of contents and even indexes. JabRef is a Java based software for creating Bibliography databases. This database can be used in Word files also using DocEar. In addition to these software other software will also be introduced to the research scholars.

**Duration of the programme :** The training programme will be held from **February 5 – 16, 2018 from 9.00 am to 10.30 am**. Admission to the training programme will be on the basis of ‘first come first serve’ and the maximum number of seats will be 40 only. Attendance on first two days of the training is compulsory and certificate will be awarded to only those candidates who attend minimum 7 days.

**Fee :** Rs.1500/-

**Expected skills :** As it is a hands on training programme for creating documents, good keyboard skills and basic computer knowledge like installation of computer programmes, creation of folders etc. is desirable.

Interested students may contact the Office of the DST-CIMS for further details.
