

Venue: Mahamana 150th Birth Anniversary Hall, Seminar complex, Banaras Hindu University, Institute of Science, Varanasi, India.

Banaras Hindu University

The great visionary Bharat Ratna Mahamana Pandit Madan Mohan Malaviya founded BHU in 1916 at the bank of the holy River Ganges. This institution of international recognition epitomizes a synthesis of ancient wisdom and modern scientific temper. BHU is among the world's largest residential universities, comprising 6 institutes, 16 faculties, 140 departments, many centers of advanced studies, 05 interdisciplinary schools and rapidly growing south campus of the university located at Barkachha, Mirzapur.

Institute of Science

The Faculty of Science was established in the year 1916 and was upgraded to Institute of Science in December 2015. There are 6 centers and 13 different departments of Physical, Chemical, Mathematical, Earth and Biological Sciences.

Centre of Advanced Study in Botany

In 1919, the Department of Botany started postgraduate courses under the leadership of Professor Birbal Sahni, FRS. Later Professor Y. Bharadwaja (1933-1955), Prof. R. Misra (1955-1971) and Prof. R. N. Singh (1971-1976) successively chaired the department and established internationally renowned areas of Phycology, Ecology and Mycology. Since its inception, the Department has maintained a very high profile in teaching and research of national and international repute. The Department has two self financed PG programs (Environmental Science and Applied Microbiology) in addition to excellent UG and PG teaching programs in Botany. In recognition to its outstanding contribution, the Department was chosen under Special Assistance Programme (SAP) of UGC in 1972, Centre of Advanced Study (CAS) in 1980 and presently running VIth Phase of CAS. Department was recognized as "Centre of Excellence" in 1984 under COSIST program. Recently, Department of Science & Technology (DST), Government of India has selected the Department for financial assistance under FIST (Level II). The current research endeavors include: (i) Physiological, Biochemical and Molecular approaches to stress tolerance, Biotechnological potential and product development in Algae, Cyanobacteria, Bacteria and Fungi (ii) Green house gas influx, carbon sequestration, biodiversity, Ecological complexity, Soil microbiology and Sustainable agriculture (iii) Molecular plant pathology and management of plant diseases (iv) Morphogenesis and molecular biology of higher plants.

Climate & Clothing

The seminar period is expected to be pleasant (max. temp. 25 °C; min. temp. 15 °C). Participants shall require light woolen garments.

Address for communication:

Symposium email id: ctpsrbhu@gmail.com

Prof. Ravi Kumar Asthana

Convener
Department of Botany
Institute of Science
Banaras Hindu University
Varanasi - 221005
Email: asthanaravi@gmail.com
Mob: 9454461038

Prof. Shashi Pandey

Organizing Secretary
Department of Botany
Institute of Science
Banaras Hindu University
Varanasi - 221005
Email: pshashi@bhu.ac.in
Mob: 9450828556

CHIEF PATRON

Professor Rakesh Bhatnagar
Vice- Chancellor, BHU

PATRON

Prof. Naveen Kumar
Director, Institute of Science, BHU

CHAIRMAN

Prof. R.S. Upadhyay
Head & Coordinator CAS, Department of Botany, I.Sc., BHU

ORGANIZING COMMITTEE

CONVENER

Prof. R. K. Asthana

CO- CONVENERS

Prof. A. K. Mishra
Prof. J. Pandey
Prof. R. N. Kharwar

ORGANIZING SECRETARY

Prof. Shashi Pandey

CO-ORGANIZING SECRETARIES

Dr. Hema Singh
Dr. S. S. Singh
Dr. R. K. Gupta

NATIONAL ADVISORY COMMITTEE

Prof. S. K. Sopory, FNA
New Delhi

Prof. A.K. Tyagi, FNA
Delhi

Dr. S.K. Apte, FNA
Mumbai

Prof. Paramjeet Khurana, FNA
New Delhi

Prof. R.S. Tripathi, FNA
Lucknow

Prof. B.S. Srivastava
Lucknow

Prof. A.S. Raghvendra FNA
Hyderabad

Prof. A.N. Lahiri Majumder, FNA
Kolkata

Prof. A.R. Podile, FNA
Hyderabad

Prof. S.P. Singh, FNA
Nainital

Prof. Nirupma Mallik, FNA
Kharagpur

Prof. B.C. Tripathy, FNA
New Delhi

Prof. Usha Vijayraghwan, FNA
Bangaluru

Prof. Tilak Raj Sharma, FNA
NABI, Mohali

LOCAL ORGANIZING COMMITTEE

Prof. M. Agrawal
Prof. N.K. Dubey
Prof. S.B. Agrawal
Prof. S. Singh

Prof. N. Ghoshal
Prof. R. P. Sinha
Prof. K. D. Pandey
Prof. S. K. Dubey
Prof. R. Sagar
Prof. Santosh K. Dubey
Dr. S. Kumar
Dr. S.M. Singh
Dr. Satheshkumar P.K.

Dr. A. L. Singh
Dr. S. Tiwari
Dr. R. Singh
Dr. S. P. Singh
Dr. S. K. Verma
Dr. L.S. Songachan
Dr. B. Prakash
Dr. R. K. Sharma
Dr. Y. Mishra
Dr. A. Singh
Dr. P. Singh
Dr. A. K. Dwivedi
Dr. A. Kumar

Prof. J.S. Singh
Dr. P.K. Singh
Prof. A.K. Rai
Prof. L.C. Rai

Botany Section MMV
Prof. K. N. Tiwari
Dr. N. Kumari
Dr. R. Raghuvanshi
Dr. N. Atri
Dr. Pushpa Lata
Dr. S. K. Gond,
Dr. V. K. Kannaujiya
Dr. S. Singh
Prof. M. B. Tyagi

(First Circular)

National Symposium on CURRENT TRENDS AND FUTURE PROSPECTS IN PLANT SCIENCE RESEARCH (Department of Botany: Centenary Year Celebration) (February 1 – 3, 2019)

Organized by
Centre of Advanced Study in Botany
Institute of Science
Banaras Hindu University
Varanasi – 221005, India

REGISTRATION FORM
(Can be xeroxed for multiple uses)

Name:.....

Qualification:

Designation:.....

Postal address:.....

Telephone:.....

Email:.....

Details of Draft enclosed*:.....

Title of the Abstract:.....

Participation for (Tick) :

Poster presentation / Oral presentation

Accommodation required: Y/N

Arrival date and Time:.....

Date:.....

Place:.....Signature:.....

Registration Fee: (Both Online & with Draft)

(To be remitted in advance)

Participants: 2500/-

Students : 2000/-

Registration fee includes:

- Entry to all the sessions
- Programme & abstract book with kit
- Breakfast, lunch & dinner

Payment can be made online using following information.

Account name: CTPSR2019

Account No. 37955059954

SBI Branch Name: SBI, BHU Main Branch

IFSc Code: SBIN0000211

*Registration fee may be remitted in advance through a demand draft in favour of **CTPSR2019**, Botany Department, BHU, payable at State Bank of India, BHU, Varanasi.

**National Symposium on
Current Trends and Future Prospects
in Plant Science Research
(February 1 – 3 , 2019)**

Understanding of plant life underpins a vast range of activities and touches virtually every aspect of human life. Earth is hospitable and sustainable because of plants. Plants are source of food, fodder, energy and drugs. Plant biology has become more fascinating after advent of modern tools and techniques as well as knowledge of genome sequences of large number of bacteria, fungi, algae and plants. Emerging areas of genomics, proteomics and metabolomics compounded with information tools led the establishment of System Biology. Thus, interaction of genome with changing environment resulted altered productivity and metabolism of plants.

Preservation and conservation of biodiversity of plants have assumed utmost importance as most of the drugs for dreaded diseases are derived from natural products only. Therefore, the centenary celebrations of Botany Department in the form of “**National Symposium on Current Trends and Future Prospects in Plant Science Research**” is an effort to bring forth specialists in the various disciplines for exchanging their views and suggestions for newer generations.

Theme Areas in Plants Science Research

- **Plant-microbe interactions**
- **Climate change and biodiversity**
- **Physiological, biochemical and molecular basis of stress management**
- **Bioactive compounds and their applications**

Important Deadlines

- Consent for participation : Nov 15 , 2018
- Submission of abstract : Nov. 30 , 2018
- Date for sending acceptance : Dec 15 , 2018
- Receipt of Registration Fee : Jan 1, 2019
- Remittal of advance for accommodation : Jan 1 , 2019

Abstracts

Abstracts not exceeding 250 words should be sent to Prof. R.K. Asthana, Convener, through e-mail to **ctpsrbhu@gmail.com** on or before 30th Nov, 2018. Abstracts must be in MS word format with font size 12 in Times New Roman. There will be invited lectures and limited number of oral presentations by young scientists.

Access to Varanasi

Varanasi is well connected to the rest of the country by air & train. Lal Bahadur Shastri International Airport is approximately 35 Km from Banaras Hindu University. The main railway stations to reach Varanasi are Varanasi Cantt (BSB) and Manduadih (MUV) which are approximately 8 and 3 km respectively from BHU.
