

ABOUT THE UNIVERSITY

Banaras Hindu University (BHU), established in 1916 by Pandit Madan Mohan Malaviya, is one of India's most prestigious universities. Located in Varanasi, Uttar Pradesh. It spans 1,370 acres and offers a serene environment for academic excellence. BHU comprises various faculties, including science, arts, medicine, and engineering, attracting students from across the globe. Known for its blend of traditional and modern education, the university promotes research, innovation, and holistic development. BHU houses advanced research centers and a world-class library. Its cultural diversity, rich heritage, and focus on societal development make it a beacon of learning and progress in India.

About the CME

Children are the future of the nation. Every society has the mandate and responsibility of caring and providing for them. This CME is focused on seasonal respiratory diseases in children. It will enhance understanding, improve diagnosis, and optimize care for pediatric patients affected by these conditions. The main objective of this program to enrich the knowledge of medical students, UG and Post Graduate diploma students i.e. PGDNC (Ay) and D. Ch. (Ay), residents, Ph.D. Scholars and young faculty members, about the seasonal respiratory disease patterns in children, discuss diagnostic advancements, review evidence-based interventions, and foster collaborations for research and public health strategies.
