

Department of Chemistry
Institute of Science

Applications are invited for the post of Postdoctoral Fellow in an ICMR-funded research project P-14/0830 entitled "Synthesis and Screening of Novel Class of Metabolites-based Triazole Analogues for the Treatment of Hepatic Fibrosis ". (File number: EMDR/1G/13/2026-01-0284)

Position: One (PDF)

Essential Qualifications: The candidate should have a Ph.D. degree from an Indian University/Institute with NIRF ranking up to 20 (or from a foreign university) in Organic Chemistry and must have a proven track record with published work of at least two papers in Q1 or Q2 journals in the relevant area. Candidates having experience in heterocyclic chemistry, multi-step organic synthesis would be preferred. All things being equal, SC/ST candidates would be preferred as per GOI rules. The upper age limit shall be as per university rules (relaxable by 5 years for SC/ST/Physically handicapped and women candidates).

Desirable Qualifications:

- Ph.D. in Organic Synthesis.
- The candidate should have good chemical synthetic skills.
- The knowledge of characterization techniques of organic molecules is desirable
- The candidate should have good communication skills.

Fellowship: Applications are invited for a post (one) of Post-Doctoral Fellowship under the ICMR Scheme valid for 36 months. The PDF will receive a consolidated fellowship of Rs. 56,000/- P.M. + HRA 20% @Rs. 11,200 /- P.M. = Rs. 67,200 X12 (Increment 5% on initial emoluments after completing for every 2 years). The post is purely temporary.

How to apply: Interested candidates are encouraged to send application and detailed CV with a cover letter to undersigned through email **on or before 5th November, 2026**.

Shortlisted candidates will be notified through email for online/ physical interview. No TA /DA will be paid if called for physical interview.
