How to obtain Information of the RTI Act, 2005

1. The person seeking information as per provisions of the **Right to Information Act, 2005** may apply on a plain paper giving particulars of information being sought and his/her correct address for communication to the Central Public Information Officer (CPIO) concerned designated vide Circular No. VCS/06-07/RTI/831 dated 30.03.2007 or to the Central Assistant Public Information Officer (CAPIO), Banaras Hindu University. The details of the CAPIO and the CPIOs are available on our website www.bhu.ac.in.
2. Separate applications for seeking information on different subjects are required.
3. A request for obtaining information under Section 6(1) shall be accompanied by an application fee of rupees ten by way of cash against proper receipt or by demand draft or bankers cheque or Indian postal order, payable to the Finance Officer, BHU.
4. For providing the information under Section 7(1), the fees shall be charged by way of cash against proper receipt or by MICR demand draft or bankers cheque or Indian postal order, drawn in favour of **Finance Officer, Banaras Hindu University, payable at Varanasi**, at the following rates :
    - **(a)** Rupees two for each page (in A4 or A3 size paper) created or copied.
    - **(b)** Actual charge or cost price of a copy in larger size paper.
    - **(c)** Actual cost or price for samples or models.
    - **(d)** For inspection of records, no fee for the first hour, and a fee of rupees five for each subsequent hour (or fraction thereof).
5. For providing information under Section 7(5), the fee shall be charged by way of cash against proper receipt or by MICR demand draft or bankers cheque or Indian postal order, payable to the Finance Officer, BHU at the following rates :

(a) For information provided in diskette or floppy rupees fifty per diskette or floppy; and
(b) For information provided in printed form at the price fixed for such publication or rupees two per page of photocopy for extracts from the publications.

6. Normal postal charges are not a charge on applicant under the RTI Act. The information may be despatched to an applicant by a CPIO through Post Office under Postal Certificate. If postal charges are excessive because of the bulk of the information, the applicant may be informed so that he/she can have the choice of seeking postal delivery or collect the information himself/herself from the concerned CPIO.
7. The fees to be charged under Section 7(1) & (5) and the postage charges, as mentioned above, will be intimated to the applicant concerned and may be paid through cash receipt /demand draft/ bankers cheque. However, the period intervening the dispatch of the said intimation and payment of fees shall be excluded for the purpose of calculating the period of supply of information, as provided under Section7(1) of the RTI Act 2005, of 30 days.
8. The fees charges can be deposited in **cash in between 10.30 am and 1.30 pm** on all working days in the Finance Office of the University or by MICR demand draft or bankers cheque or IPO, drawn in favour of the **Finance Officer, Banaras Hindu University, payable at Varanasi**, to be submitted to the concerned CPIO or CAPIO along with the application.

Intellectual Property Rights and Technology Transfer Cell

Newly created intellectual property (IP) or knowledge at Banaras Hindu University is to be protected under patent, copyright or trademark laws. On disclosure of an invention by an inventor to the Intellectual Property Rights and Technology Transfer (IPRTT) Cell of Banaras Hindu University, the cell manages the newly created IP at the university. The IPRTT Cell evaluates the invention for patentability and facilitates the inventor to file and maintain a patent for protection of the newly created IP.

The cell also acts as a bridge between inventors and industry partners for technology transfer and licensing. Additionally, the cell is also involved in disseminating and creating widespread awareness of the technologies developed through different platforms. The objective is to promote innovations and attract industry partners for commercialization of the technologies for larger public interest.

Mission:

To protect the newly created knowledge and transform today's inventions into tomorrow's products, services and entrepreneurships.

Vision:

To maximize societal impact of the newly created knowledge for improving lives on earth.

Objectives:

- Promote innovations
- Safeguard the interests of inventors
- Attract industry partners
- Facilitate Industry and Academia interactions
- Technology License Transfer to industry partners

Chief Proctor Office

The Banaras Hindu University under the provisions of its Act established the Office of the Chief Proctor in 1942. The Chief Proctor is a statutory officer of the University and heads this organization. Initially, the office was established with twin objectives of enforcing discipline and controlling the student community; and maintaining liaison between the University and district administration to avoid misunderstanding and over-doing on the part of police. But over these years since its establishment the mandate of this organization has been broadened to include all security concerns of the University.

BHU Central Library

Presently, the Banaras Hindu University Library System consists of Central Library at the apex and 4 Institute Libraries, 7 Faculty Libraries, 17 Departmental Libraries and 3 School Libraries with a total collection of over 16 lakh volumes to serve the students, teachers, researchers and staff of the university. There is also a Central Library at the university's south campus and one College Library at Mahila Mahavidyalaya.

Apart from the famous Sayaji Rao Gaekwad Library (Central Library), the libraries at Institute of Medical Sciences and that at Faculty of Law have fairly collections and facilities. All the libraries have their own reading halls. The collection of books available in the libraries of Institutes/Faculties/Departments are subject specific and available for borrowing for their own teachers and students. The collections available at Central Library are available for all the members.

Sayaji Rao Gaekwad (Central Library)

The Central Library is housed in a majestic building named as Sayaji Rao Gaekwad Library after the then Maharaja of Vadodara Sayaji Rao Gaekwad –III the built and opened in the year 1941. The present majestic building of Sayaji Rao Gaekwad Library was built with the munificent donation from Maharaja Sayajirao Gaekwad-III of Baroda, on the pattern of British Museum, London on the suggestion of Pandit Madan Mohan Malaviya, the founder of university.

Cyber Library Study Centre

A well-equipped cyber library study centre with 402 computer terminals and high speed internet connectivity is maintained to provide access to E- books, E-journals, various Databases and E-Thesis.

Timings: 8:00 am - 5:00 am (21 hours) and from 8:00 am - 11:00 pm during Sunday/ Holidays.

Sir Sunderlal Hospital

Kashi or Varanasi is the oldest living city in the world, known to exist from the ancient Vedic era. It is the cultural & literary capital of India since time immemorial. The history of Medical Education in Varanasi is at least 2500 years old. It has produced great scholars of Ayurveda like Divodas Dhanwantri and Charaka. It was here that the great Indian Surgeon Sushruta lived and practised Medicine and Surgery around the 5th century B.C. and also compiled his famous treatise, the "Sushruta Samhita". In this perspective it was but natural that Medical Education became one of the priorities of the then developing Banaras Hindu University way back in 1920. Mahamana Pandit Madan Mohan Malaviya, our illustrious founder and great visionary had a foresight of imparting high status to the Ayurvedic System of Medicine. As a result of which Ayurveda was introduced as a curricular subject in the Department of Sanskrit Vidya Dharma and Theology of Banaras Hindu University as early as in 1922. With the high aims of service to suffering humanity as also imparting practical training to students of Ayurveda, the foundation of 96 bedded Sir Sunderlal Hospital was laid down in 1924 by His Highness Late Prabhu Narayan Singh, the then Kashi Naresh. It derived its name from Sir Sunderlal Ji, the first Vice Chancellor of Banaras Hindu University. Subsequently, a separate Ayurvedic College was established in 1927. In order to keep pace with the fast developments in the field of medical sciences in Western world, the study of Modern Medicine was also incorporated and the College of Medical Sciences came into existence 1960. Since then both Modern Medicine and Ayurveda are coexisting in this institution. Sir Sunderlal Hospital has continuously grown and reached to the

present status of 1200 bedded modern hospital for Ayurveda and Modern Medicine disciplines. This growth of the hospital has been exponential and being maintained looking into the needs of the society (Academically, Research wise, as well as in terms of Patient Care).

Sir Sunderlal Hospital is primarily a teaching and training hospital for the undergraduates, post graduates, super specialties and research courses run by the Institute of Medical Sciences in the various disciplines of medicine, nursing and paramedics. It is the only Tertiary care Hospital providing specialty and Super Specialty services to the health care needs of about 20 Crore population of Eastern UP, Western Bihar, adjoining MP, Chhattisgarh and Jharkhand as well as neighbouring country of Nepal. It is a unique hospital to provide both Ayurveda and Modern Medicine services under one roof. It also cares for the health of approximately 60,000 people of the University community including students, teachers and employees and their dependents. Besides this, Sir Sunderlal Hospital acts as the main referral hospital for Diesel Locomotive Works, Varanasi, Military Hospital, NTPC, Coal India, BHEL, and other neighbouring Hospitals of the catchment area. Ever since its inception Sir Sunderlal Hospital has been endeavouring to realize the dreams of its founder, Malaviyaji, by alleviating human suffering due to diseases- We have strived our level best to fulfil the aspirations and expectations of the people of this region and feel proud to have gained their faith. This has been clearly reflected in successful handling and efficient management of four major recent disasters in and around Varanasi, salvaging the lives of its victims with zero mortality.
These disasters were as follows –

* Shramjivi Train Bomb Blast 27 July, 2005,
* Sankat Mochan Temple and Railway Station Varanasi, Cantt Bomb Blast 7 March, 2006,
* Stampede at Mughalsarai Platform 3 October, 2007
* Civil Court Bomb Blast 23 November, 2007
* Sheetla Ghat Bomb Blast 7, December 2010

The role of S.S. Hospital on these occasions was widely applauded and appreciated by the Press, Public and Government. This further strengthens and supports the view that the hospital is effectively involved with commitment to humanity. For the relentless services being rendered to this part of the country, Sir Sunderlal Hospital.

Skill Development Cell

India is a developing country and has made tremendous growth in education sector and has achieved a milestone by providing education to a very large population. India's economy is growing at very fast pace and there would be enough job opportunities for educated youths. At similar pace, technologies are also changing in goods and service sectors. It is also the fact that a skilled person is more productive and more efficient than the normal educated person and always has better chance of getting employment. India having the youngest lot has a massive potential to become 5trillion economy. So, its need of an hour to develop SMART work force rather than a workforce. Which is possible only when we nurture skilled and professional workforce. Hence, in today's very competitive world our students are required to be trained with appropriate skillset besides normal degree of education in various streams.

Banaras Hindu University, in order to achieve it's broader goals and objectives, has established Skill Development Cell (SDC) with aims to upgrade the skill of the youths by providing rigorous job oriented short-term trainings/programs. However, there is a gap in University Curriculum and Industry expectations of the skills required by the graduate students. Thus BHU through its Skill Development Cell will focus upon bridging the gap between the industry and academic offerings and develop means and ways to synergies. SDC is planning short-term training/certificate-courses to make the students to compete globally for a job opportunity. The Cell is entrusted with the responsibility of developing job-oriented certificate /short -term programs curriculum and framework, to create a pool of resource persons from within the university and from outside of the university, to provide logistic for these skill development trainings. The Cell is mandated with the task to develop institutional mechanism to promote entrepreneurial/start-up culture among students.

AIMS AND OBJECTIVES

To provide the platform for professional skill development for goods and service sector jobs
To conduct various skill development programmes for students coming from various educational streams

- To promote entrepreneurship among students by providing them industrial/business oriented trainings
- To facilitate the industrial institutional interactions
- To identify the right kind of short-term training for University students
- To endorse the professional attitude by exchange programmes
- To conduct /organize soft skill workshops for the students
- To organize the lectures by the eminent personalities/ speakers from industry and training institution.
- To provide the platform to learn skill-oriented courses under various schemes of government
- To evaluate the performance of the skill development programmes in objective manner

- To engage students in crafting creativity
- To train students for presentation and marketing skills for local, national and global markets
- To synergies the technical and academic learning

ACTION PLAN

- Designing of courses/training with the experts
- Implementation of the program.
- Monitoring the program.
- Discussion with Faculties/Departments/Centres for coordination of planning, resources and students
- Development of regular follow up and Feedback Mechanism
- Engagement of industry professional with academic learning
- Industry oriented Capsule course
- On and off job training programs
- Hands-on training program
- Live projects with industry

Soft Skill Courses

- Data Analysis
- Financial Modelling
- Advanced Excel 16-17
- Data Analysis using R
- Basic Excel
- Data Analysis using R & python
- Fundamentals of Forex Market
- Accounting Technique
- Goods and Service Tax
- Family Business Management
- Tourism and Hotel Operations Management
- Computer Applications
- Hospital management
- Creative Art and Artistic
- Digital Marketing
- Event management
- Project management

University Sports Board

The University Sports Board is an important unit of Banaras Hindu University which coordinates different sports activities among different units of the University, select and coach sportsmen in different games and send teams for participation in different Inter Universities Tournament organized by AIU, New Delhi. University teams also take part in other tournament organized by different sports organizations. University Sports Board was established in its present form in 1975 by upgrading the University Athletics Association, with the objectives of promoting sportsmanship and team spirit among the University students. Organizing such Games and Sports activities that are recognized by the Board and promoting Inter University fellowship by organizing and taking part in tournaments and extending assistance to constituent units. The University Sports Board organized training/coaching camps of various games and sports teams of university with the help of our Deputy Directors, Assistant Directors and Coaches.

29. The guest/applicant will be held responsible for any loss or damage to the guest house property, fixture, fitting and furniture caused by themselves, their guests or any other person for whom they are responsible.
30. Duplicate room keys will be issued, in case of misplace/ Loss of room keys after paying Rs. 1500/= only after written application by guest.
31. Meals are available on pre order basis only at schedule time in Dining Hall on Ist Floor Level, i.e. Breakfast 8:00 am to 9: 30 am, Lunch 12:30 pm to 2:30pm & Dinner 8:00 pm to 9:30 pm. Meal menu is fixed and cyclic in nature, no A'la carte menu is available.
32. The tariff is for the room only and is exclusive of government taxes. Timely meals and other services are available at extra cost.

33. Bringing goods or any other article of a combustible, hazardous or objectionable nature is prohibited in University guest house complex.
34. Unauthorized personnel will not be allowed inside the guest house and will be reported to chief proctor's office immediately. Any person going to meet guests in their rooms need to inform reception desk and proper entry need to be made by visitors.
35. The rooms of the Guest House Complex will be occupied by only those whose names have been intended in the application form. Children above the age of 5 years will be charged the full rate.
36. Guests are requested to inform their departure time at least half an hour before their actual departure from guest house to facilitate timely billing.
37. Guests are particularly requested to lock the door of their rooms when going out or going to bed.
38. In Double /Twin or Triple Occupancy rooms, only two or three person(s) are permitted to stay respectably.
39. CCTVs cameras are installed in public areas for security and safety purpose.
40. During the stay guests are advised not to change any room layout plan of furniture and fixtures.
41. On Departure after locking guest room, hand over keys at reception and sign at guest registration register departure column with date and time of departure.
42. All non officials' bills have to be settled during or before guest's check out. All official bills will be collected by concern department representative for departmental settlement.
43. In case of nonpayment of the bill, it will be recovered from applicant salary.
44. All payments are payable in cash or available digital mode (POS machine) only. International credit/debit cards are not accepted.
45. Official Bill / G.S.T Bill will be raised only after the departure of guests.
46. An applicant is totally responsible for collection of their guest bill from guest house and will further process it for payment of bill from concern department or central finance department.

International Workshop on "Bayesian Frontiers: Unveiling the Future of Statistical Modeling and Inference"

(January 03-05, 2025)

Organized by
Department of Statistics
Banaras Hindu University
Varanasi-221005
India

International Advisory Committee:

- Dipak K. Dey (Chair)
  University of Connecticut, USA
- Fabrizio Ruggeri,
  CNR, Istituto di Matematica Applicata e Tecnologie Informatiche, Italy
- Igor Prünster
  Bocconi University, Italy
- Michael Evans
  University of Toronto, Toronto
- Prof. S. K. Upadhyay
  Banaras Hindu University, Varanasi
- Sudipto Banarjee
  University of California, Los Angeles

Organizing Committee:

Chief Patron:
Hon'ble. Vice-Chancellor, BHU

Patrons:
Director, Institute of Science, BHU
Dean, Faculty of Science, BHU
Principal, Mahila Mahavidyalay, BHU

Chairman:
Head, Department of Statistics, BHU

Convener: Ankita Gupta,
Statistics Section, MMV, BHU

Organizing Secretaries:
Vikas K. Sharma,
Department of Statistics, BHU
Rakesh Ranjan, DST-CIMS, BHU

About the University

Banaras Hindu University (BHU), a symbol of knowledge, tradition, and modernity, was established in 1916 by the visionary Pandit Madan Mohan Malaviya and is nestled in the ancient city of Varanasi, India. BHU is one of the largest residential universities in Asia and holds significant historical and cultural importance. The university's campus spans over 1,300 acres along the banks of the sacred Ganges River, creating a serene and conducive environment for learning and research. The other campus that spans over 2700 acres, is located in Mirzapur district (nearly 60 kms. away from the main campus). BHU offers a wide range of undergraduate, postgraduate, and doctoral programs across various disciplines, including arts, sciences, engineering, medicine, management, and social sciences. With a commitment to fostering excellence in teaching, research, and innovation, BHU consistently ranks among the top academic institutions in India and attracts scholars and students from around the globe.

About the Department

The Department of Statistics, Banaras Hindu University (BHU) is a dynamic academic unit of the Institute of Science and one of the leading departments in India dedicated to the advancement of statistical theory, methodology, and applications. The Department offers a comprehensive range of undergraduate, postgraduate, diploma and doctoral programs, providing students with a solid foundation in statistical theory and techniques. In addition to academic programs, the Department constantly organizes guest lecture programs, seminars, conferences, and workshops featuring renowned experts from academia, industry, and government sectors to enhance the knowledge of

students and teachers. One can visit Department of Statistics, BHU for details of research activities of the department.

About the Workshop:

This workshop will serve as a platform for researchers, academics, and practitioners around the globe to learn about the latest advancements in Bayesian statistical modelling and inference as well as the diverse application areas where Bayesian methods have made significant contributions. The workshop aims to provide an amicable environment in which young researchers can discuss their problems with the internationally renowned experts and identify future directions in Bayesian statistics and its emerging trends and potential breakthroughs.

Key Components:

The workshop is intended to cover a variety of topics from an introductory to advanced level and is expected to provide a variety of fruitful applications of Bayesian paradigm. Key areas of focus include, but are not limited to:

- Foundations of Bayesian Inference
- Bayesian Computational Methods
- Machine Learning and Data Mining
- Model Uncertainty and Sensitivity Analysis
- Measurement of Statistical Evidence

Confirmed Speakers

- Prof. Michael Evans, University of Toronto, Canada
- Prof. Dipankar Bandyopadhyay, Virginia Commonwealth University, USA
- Prof. Ernest Fokoü, Rochester Institute of Technology, USA
- Prof. Igor Prünster, Bocconi University, Italy
- Prof. Jaeyong Lee, Seoul National University, South Korea
- Prof. S. K. Upadhyay, BHU, Varanasi

Our Participants

Our participants are likely to include young teachers and researchers from around the globe who are curious to learn and/or refine their Bayesian knowledge and simultaneously willing to carry out applied research using the Bayes paradigm.

Important Dates

June 01 2024	: Registration Starts
September 10 2024	: Registration Ends
October 10 2024	: Announcement of the list of participants

Fees and Registration Procedure:

We have very limited number of seats and selection will be made strictly based on first come first serve basis. The registration fee of the workshop is

- **US $200** for Foreign Participants
- **INR 5000** for Indian Participants

The registration fee includes workshop kit, working lunch/tea, dinner, local accommodation on sharing basis and transportation from place of stay to the venue of the Workshop, etc.

A separate bank account will be maintained where the participants can send their registration fee directly. The bank details for the necessary payment and link for registration form will be shared shortly.

DBT-sponsored Centre for Training Teachers in using *Drosophila melanogaster* for Biology Laboratories

Cytogenetics Laboratory, Department of Zoology,

Banaras Hindu University, Varanasi

The Second 7-days Hands-on Laboratory Workshop for College Teachers on using *Drosophila melanogaster* for Biology Classes

Venue: National Centre for Biological Sciences, Bengaluru

From: **29 May 2024** to **04 June 2024**

This hands-on 7-day workshop aims to train young trainers to use Drosophila for classroom laboratory exercises in Genetics, Cytogenetics, Developmental Biology, Cell & Molecular Biology, Anatomy, Physiology, Neurobiology/Behavioral Biology. The Workshop will include lectures and rigorous hands-on training in selected lab exercises using Drosophila as the model system.

It is expected that following the training, the teachers will initiate the use of Drosophila in their classrooms and thus enrich their students' learning. If required, the Centre will provide fly stocks to ex-participants.

Eligibility: University/College teachers, preferably from DBT- Star Colleges

No. of seats: 15

Registration fee: Rs. 7000 (Accommodation and meals for the duration of workshop will be provided by Organizers).

Travel support: If required, will be limited to return AC 2-tier train fare from the place of working to Bengaluru

Application: Download the application form and upload the same duly filled in and forwarded by the competent authority click here to upload.

Last date for submitting application: April 20, 2024

Selected participants will be informed by April 30, 2024.

Registration fee: payable by May 09, 2024 (details will be provided to the selected participants).

Organizers

BHU: Prof. S. C. Lakhotia Dr. Richa Arya Dr. Bama Charan Mondal

NCBS: Prof. L. S. Shashidhara Dr. Deepti Trivedi

International Conference on Advancements in Basic Science, Environmental Studies, and Traditional Medicine for Translational Drug Discovery and Development (TMT3D-2024)

About the Conference

The pursuit of scientific knowledge and the relentless quest for breakthroughs in medical research have been driving forces behind the ever-evolving landscape of global health. As we stand on the precipice of a new era, the intersections of Basic Science, Environmental Studies, Traditional Medicine, and Translational Drug Discovery hold the promise of revolutionary advancements that can reshape the foundations of healthcare. It is with this vision in mind that we are delighted to announce the "International Conference on Advancements in Basic Science, Environmental Studies, and Traditional Medicine for Translational Drug Discovery and Development (TMT3D-2024)." The TMT3D-2024 conference is poised to be a beacon of collaboration and innovation, bringing together esteemed researchers, scientists, clinicians, and industry experts from around the globe. Scheduled to unfold on 21-23 November, 2024, this event aims to create a dynamic platform for the exchange of ideas, the presentation of cutting-edge research, and the fostering of partnerships that transcend geographical boundaries. With a focus on the pivotal realms of Basic Science, Environmental Studies, Traditional Medicine, and Translational Drug Discovery, the conference aspires to catalyse transformative progress in the field of healthcare.

Basic Science, as the cornerstone of scientific inquiry, continues to unravel the mysteries of the natural world at the molecular and cellular levels. The TMT3D-2024 conference will showcase recent advancements in fundamental scientific principles, from elucidating the intricacies of biological pathways to understanding the genetic underpinnings of diseases. Delegates will have the opportunity to engage in discussions on the latest breakthroughs in genetics, biochemistry, and other fundamental sciences, with a keen eye on their implications for translational medicine. Environmental Studies are now more critical than ever, given the escalating challenges posed by climate change, pollution, and the depletion of natural resources. Researchers participating in TMT3D-2024 will explore the intricate relationship between the environment and human health. Discussions will span topics ranging from the impact of environmental factors on disease prevalence to the development of sustainable practices that can mitigate the adverse effects of human activity on the planet. Traditional Medicine, with its rich history spanning centuries and diverse cultures, continues to offer unique insights into holistic approaches to health and healing. At TMT3D-2024, experts in traditional medicine will share their knowledge, presenting research on the efficacy of traditional therapies and their integration into modern healthcare practices. This interdisciplinary dialogue aims to bridge the gap between ancient wisdom and contemporary scientific methodologies, paving the way for innovative approaches to patient care. Translational Drug Discovery and Development form the nexus between laboratory discoveries and tangible improvements in patient outcomes. The TMT3D-2024 conference will delve into the latest strategies and technologies driving drug development, from novel therapeutic targets to innovative delivery systems. Participants will gain insights into the challenges and triumphs of translating scientific discoveries into clinically effective treatments, with an emphasis on expediting the development and delivery of life-changing drugs.

TMT3D-2024 is not merely a conference; it is a convergence of intellects with the shared goal of advancing human health. The international nature of this gathering ensures a diverse array of perspectives, fostering a rich tapestry of ideas and approaches. Attendees can anticipate stimulating discussions, interactive workshops, and networking opportunities that transcend cultural and disciplinary boundaries. This collective synergy is poised to spark collaborations that can transcend borders and propel the field towards unprecedented heights. In brief, the "International Conference on Advancements in Basic Science, Environmental Studies, and

Traditional Medicine for Translational Drug Discovery and Development (TMT3D-2024)" is poised to be a transformative event that propels the realms of science and medicine into uncharted territories. We extend a warm invitation to researchers, practitioners, and enthusiasts alike to join us in this intellectual odyssey, where the exchange of knowledge and the forging of collaborations will pave the way for a healthier and more sustainable future. Together, let us embark on a journey that transcends the ordinary and shapes the extraordinary. Theme of the conference is "Uniting Expertise from diverse field to promote the translational drug discovery and development" highlights the importance of collaboration and innovation in addressing global challenges.

The TMT3D-2024 invites abstracts/papers from the following themes:

1. Agriculture and Cultivation of Medicinal Plants
2. Animal Science, Pre-Clinical Models, and Veterinary Sciences
3. Biotechnology and Bioinformatics
4. Chemical and Physical Sciences
5. Environment Science and Earth Science
6. Health and Traditional System of Medicine (AYUSH)
7. Innovation, Engineering & Technology, Allied Interdisciplinary and Others
8. Pharmacology and Medicinal Chemistry
9. Plant Science
10. Climate Change and Natural Hazards

Each section will select best presentation for awards separately in both mode, poster and oral presentation.

About Organizers

Department of Dravyaguna, Institute of Medical Sciences, BHU, Varanasi

Medical education in Varanasi, the oldest living city of the world, dates from the days of Sushruta 500 BC. Infact this is also the history of Medical education in India. The great treatise - 'Sushruta Samhita' is a living testimony of contributions to Medical education that originated in Varanasi, Sushruta was the first to perform cadaver dissections and described a number of operating instruments and surgical operations. Perhaps it is a continuation of this historical perspective that Medical education in Banaras Hindu University took roots in 1920 with the establishment of Department of Ayurveda under Faculty of Oriental Learning and Theology (1922-1927). Under the influence of Pandit Madan Mohan Malviyaji, Seth Mathuradas Vissanji Khimji of Bombay donated a large some of Rs.1.5 Lacs for the Ayurvedic College. This was further augmented by donations from Shri Daya Shankar Dev Shankar Dave of Kathiawar and Bombay. Department of Dravyaguna is one of the oldest department of Ayurveda Faculty, Institute of Medical Sciences, Banaras Hindu University, established in 1927. Teaching and Research are the essential component of the Department. This Department deals with Medicinal plants of Ayurvedic Classics, their identification, properties, action and therapeutic uses in accordance with fundamental Principles of Ayurveda.

In Ayurveda more than 600 medicinal plants are included as drugs and they are used either alone or in combination with each other to alleviate the disorders. In fact, they are grown in various agro-climatic zones (Jangala, Anupa and Sadharana Desa) of our country. In recent years, Global awareness on use of medicinal plants as "Natural Medicine" has drawn the attention of State and National Institutions and Government also to look back into ancient heritage of India - Ayurveda. Use of herbs as medicine by the sizeable number of population has drawn the attention of Health planners of developed and developing countries around the

World and also of World Health Organization (WHO) to address issues related to "safe, standard and quality" products based on medicinal plants.

National Environmental Science Academy, New Delhi

National Environmental Science Academy (NESA) was founded by Late Prof. TRC Sinha, the then Head of Zoology Department, MJK PG College, Bihar University to create awareness, promote and protect the environment. Conceptualised and initiated in 1984, it was registered as a Society in 1988 under the Societies Act XXI of 1860 at Patna. The main objective of the Academy is to bring awareness about environmental issues among the masses by arranging lectures, workshops, training programmes, seminars, symposia, conferences, publishing journals, etc.

Aims Objectives and Functions of the Academy

1. To enhance and promote the study of the environmental sciences by encouraging students, scientists, researchers, academicians and members of the Academy for pursuing research on environment and allied areas.
2. To set up Regional/State Chapters for dissemination of information on environment.
3. To motivate and prepare young minds on environmental management.
4. To hold Annual Conference of the Academy.
5. To organise national/international level conferences, symposia, seminars, meetings and workshops on themes of environmental concerns.
6. To publish policy papers, synthesis volumes, proceedings, journals, newsletter, transactions and other publications for the promotion of Environmental Sciences.

Various eminent personalities have graced the Academy as President. The first President of the Academy was Dr. K.C. Bose, Vice-Chancellor of Ranchi University; then Dr. B.S. Attri, Advisor, Ministry of Environment and Forest. Most recently, Padmabhushan Dr. S.Z. Qasim was the President of the Academy till June 2015, who is a renowned marine scientist known for his Antarctica mission in 1981-82, he also served as the Secretary at the Deptt. of Ocean Development (now Ministry of Earth Sciences); Member, Planning Commission and Vice-Chancellor, Jamia Millia Islamia, New Delhi. Currently Prof. Javed Ahmad, (Former Dean, Faculty of Science), Jamia Hamdard, New Delhi, is the President of the Academy.

NESA Annual Award

(Given in the Annual Function)

The Academy recognizes the merit and achievements of individuals who have contributed to the field of environmental science, education and societal values by conferring **(1) NESA FELLOWSHIP AWARD (2) NESA EMINENT SCIENTIST AWARD (3) NESA SCIENTIST OF THE YEAR AWARD (4) NESA ENVIRONMENTALIST AWARD (5) NESA GREEN TECHNOLOGY INNOVATIVE AWARD (6) NESA DISTINGUISHED SCIENTIST AWARD (7) WOMEN EXCELLENCE AWARD (8) NESA YOUNG SCIENTIST AWARD (9) NESA JUNIOR SCIENTIST AWARD.**

Any life member of the Academy can apply for the awards. For more information please, log on to our website: http://nesa-india.org/award-form-submission/

Publications

The Academy is publishing the following Journals (Biannual):

1) INTERNATIONAL JOURNAL ON AGRICULTURAL SCIENCES
2) INTERNATIONAL JOURNAL ON ENVIRONMENTAL SCIENCES
3) INTERNATIONAL JOURNAL ON BIOLOGICAL SCIENCES

4) **INDIAN JOURNAL OF UNANI MEDICINE**
http://nesa-india.org/nesa-journal/
5) **E-NESA Newsletter (Monthly) http://nesa-india.org/newsletter/**

Deen Dayal Upadhyay Gorakhpur University, Gorakhpur, Uttar Pradesh

Deen Dayal Upadhyaya Gorakhpur University, established in 1957 in Uttar Pradesh, marks a significant post-independence educational development. It has been awarded an A++ accreditation by NAAC, reflecting its commitment to embracing diverse intellectual, cultural, and ethical perspectives, encapsulated in its motto, "Let the noble thoughts come to us from all directions." Named after Pandit Deen Dayal Upadhyaya, the university is located in Gorakhpur and draws inspiration from historical figures such as Gautam Buddha, Sant Kabir, and Guru Gorakshnath, among others. Spread across 190.96 acres, the university includes eight faculties and forty departments, serving as a crucial educational hub for Eastern Uttar Pradesh, Western Bihar, and Nepal. It functions as a residential and affiliating State University with jurisdiction over three districts, offering a rich academic legacy, a diverse and committed faculty, and a transparent administrative system.

Currently, the university caters to over 12,000 students, with more than half being women, highlighting its commitment to gender inclusivity. It prides itself on its comprehensive education system, high-quality research, and significant contributions to sports and student placements. The university features top-notch facilities including an automated Central Library, ICT-enabled classrooms, modern laboratories, an Incubation centre, and separate hostels for men and women. The campus is noted for its environmental friendliness, gender-sensitive environment, and strict anti-ragging policies. With a vision to evolve into a 'University of Excellence', Deen Dayal Upadhyaya Gorakhpur University aims to integrate value-based education with modern scientific learning to foster regional development in various sectors. This vision is supported by its NAAC A++ rating, underscoring its ongoing dedication to academic and educational excellence.

Rajmata Vijayaraje Scindia Krishi Vishwa Vidyalaya, Gwalior, India

Rajmata Vijayaraje Scindia Krishi Vishwa Vidyalaya (RVSKVV), located in Gwalior, Madhya Pradesh, is a prominent agricultural university dedicated to advancing agricultural sciences and allied sectors. Named after the esteemed Rajmata Vijayaraje Scindia, the university reflects her commitment to the agricultural development and prosperity of the region. Established in 2008, RVSKVV serves as a hub for agricultural education, research, and extension activities aimed at enhancing the productivity and sustainability of agriculture in the central region of India. The university offers a diverse array of programs at the undergraduate, postgraduate, and doctoral levels, covering various aspects of agriculture, horticulture, forestry, and animal husbandry. These programs are designed to equip students with modern agricultural practices, innovative technologies, and research methodologies. RVSKVV is equipped with state-of-the-art facilities, including advanced laboratories, research farms, and libraries, fostering a rich educational environment for students and researchers.

RVSKVV's faculty comprises distinguished academics and researchers who bring deep expertise and a passion for agricultural advancement. Their research focuses on developing sustainable farming techniques, improving crop yields, and addressing the challenges posed by climate change and resource scarcity. The university also emphasizes the importance of extension services, working closely with local farming communities to transfer knowledge and technologies that boost productivity and ensure food security. Through its commitment to excellence in agricultural education and research, Rajmata Vijayaraje Scindia Krishi Vishwa Vidyalaya plays a critical role in shaping the future of agriculture in India, promoting sustainable practices and supporting the livelihoods of millions in the agrarian sector.

Major S.D. Singh Postgraduate Ayurvedic Medical College & Hospital, Farrukhabad

Major S. D. Singh P.G. Ayurvedic Medical College, installed in 2006, is a beacon of first-rate schooling in Ayurveda, owing its inception to the collective efforts of Dr. Jitendra Singh, Dr. Anita Ranjan, and the guiding have an impact on of Shri Babu Singh Yadav, called "Daddu Ji." Rooted within the noble beliefs of accessibility and inclusivity, the college affords a complete gaining knowledge of revel in transcending barriers of location, faith, and gender. Under the visionary leadership of Dr. Jitendra Singh and Dr. Anita Ranjan, the college has flourished, advancing clinical, technical, and expert know-how in Ayurveda even as emphasizing realistic training. Accredited via diverse government our bodies, together with AYUSH and NCISM, the university guarantees adherence to rigorous standards and guidelines, supported by way of its brand new facilities.

In addition to its center values of transparency, reliability, and truthfulness, the college actively fosters academic and expert boom through country wide and global seminars, Continuing Medical Education (CME) programs, and collaborations with recognized institutions. Research plays a pivotal function, with school and college students engaged in pioneering initiatives geared toward advancing Ayurvedic knowledge and programs. In conclusion, Major S. D. Singh P.G. Ayurvedic Medical College stands as a image of excellence in Ayurvedic training, dedicated to offering inclusive, wonderful education and shaping the destiny of Ayurveda even as contributing to societal betterment.

Department of Chemistry Indira Gandhi National Tribal University, Amarkantak

The Department of Chemistry at Indira Gandhi National Tribal University (IGNTU), located in the serene and lush surroundings of Amarkantak, Madhya Pradesh, stands as a beacon of academic and research excellence. Established to foster a deep understanding of chemical sciences among students, the department offers a range of programs including undergraduate, postgraduate, and doctoral studies, each designed to equip students with comprehensive knowledge and practical skills in chemistry. Emphasizing both theoretical foundations and experimental approaches, the department is committed to advancing the frontiers of chemical research with special attention to areas that intersect with tribal and environmental concerns. This unique focus not only distinguishes IGNTU from other institutions but also aligns with its mission to address and support the development of tribal communities through higher education. Equipped with modern laboratories and state-of-the-art facilities, the Department of Chemistry at IGNTU provides an enriching environment for students and researchers to explore various dimensions of chemical sciences. The faculty comprises experienced and dedicated scholars who are deeply committed to teaching and research, guiding students through their academic journey and mentoring them in projects that have both local and global relevance.

As a hub of intellectual activity, the department regularly organizes seminars, workshops, and conferences, bringing together academicians, researchers, and industry professionals. These events serve as platforms for dialogue, collaboration, and dissemination of new knowledge, further enhancing the learning experience and research capabilities of students. The Department of Chemistry at IGNTU, Amarkantak is thus a vital part of the university's vision, contributing significantly to academic excellence and research in chemical sciences with a profound commitment to societal development, particularly for the tribal populations of India.

Rajiv Gandhi University of Knowledge Technologies- Nuzvid A. P.

Rajiv Gandhi University of Knowledge Technologies (RGUKT) Nuzvid, Andhra Pradesh is a premier educational institution established by the Government of Andhra Pradesh in 2008. The university was founded with the vision of providing

high-quality education and empowering rural youth with knowledge and skills in information technology and other fields. The university aims to honor his legacy by promoting technological advancement and education accessibility. RGUKT Situated across multiple campuses (Nuzvid, RK Valley, Srikakulam and Ongole) in Andhra Pradesh, RGUKT offers six-year integrated programs that combine intermediate education (10+2) with specialized undergraduate studies in engineering and technology. The university follows a unique curriculum designed to foster innovation, critical thinking, and problem-solving abilities among its students. Through its rigorous academic structure, RGUKT strives to produce competent professionals who can contribute to the socio-economic development of the state and the nation at large. One of the distinguishing features of RGUKT is its emphasis on rural outreach and inclusivity. By establishing campuses in rural areas and providing opportunities for students from underprivileged backgrounds, the university promotes equitable access to education. Additionally, RGUKT implements various outreach programs, workshops, and initiatives to encourage rural youth to pursue higher education and explore career opportunities in emerging fields. Furthermore, RGUKT is actively involved in research and innovation endeavors aimed at addressing societal challenges and fostering technological advancements. Through collaborative projects with industry partners and research institutions, the university contributes to knowledge creation and technology transfer, thereby fostering regional development and competitiveness. Overall, Rajiv Gandhi University of Knowledge Technologies, Andhra Pradesh, stands as a beacon of educational excellence and social empowerment, striving to transform lives and communities through education, research, and innovation. With its commitment to academic rigor, inclusivity, and societal impact, RGUKT continues to play a pivotal role in shaping the future of Andhra Pradesh and beyond.

Sher-e-Kashmir University of Agricultural Sciences & Technology of Jammu

Sher-e-Kashmir University of Agricultural Sciences and Technology of Jammu came into existence on 20 th September, 1999. The University was established with a mission to cater to the region-specific needs of agricultural and its allied sectors of Jammu division. SKUAST-J is a multi-campus University with headquarter located at Chatha, Jammu. The University address the basic, strategic and applied research related to enhanced production in agriculture and allied sectors (livestock health improvement and quality-based products). SKUAST-Jammu is striving to achieve high standards of excellence in education, research and extension for the betterment of farming community of the region. The University comprises distinct faculties, including the Faculty of Agriculture, Faculty of Veterinary Sciences & Animal Husbandry, Faculty of Horticulture and Forestry, Faculty of Dairy Technology, Faculty of Agricultural Engineering and the School of Biotechnology. SKUAST of Jammu inherited meager assets and very little staff that was deployed at various Research stations and sub stations of erstwhile SKUAST to carry on the mission of agriculture research and development. To meet the demand of trained manpower of development departments and face the challenges in agriculture under the clout of liberalization, privatization and globalization, the pursuance of academic excellence and production of need based trained graduates has been given due priority. The substations and KVKs in the University which are located different agro-climatic zones of Jammu region for catering to the location specific needs to the farming community. The University pursues high standard research through research projects funded by various central and state agencies.

Department of Zoology, Udai Pratap Autonomous College, Varanasi

Udai Pratap College, Varanasi was founded in the year 1909 as a High School.It owes its existence to the philanthropy and benevolence of Late Rajarshi Udai Pratap Singh JuDeo, Raja of Bhinaga (District -Baharaich, U.P.) with the aim of

promoting eduaction to enrich society with value sysstem of the region. It is situated in the north-western part of Varanasi, India and is spread over a 100 acres of fertile land with an academic atmosphere. The Department of Zoology was established in 1949 under the headship of Dr. S.S. Khanna a renowned Fish Biologist. The Department started initially with teaching facility for the students at Under Graduate level and was upgraded to Post Graduate level in 1970. The Department also runs a vocational course in Fisheries, a minor elective course in Applied Zoology and a Co-curricular course in Food, Nutrition and Hygiene as per NEP-2020 guidelines. The Department is running efficiently with high class, bilingual and blended methods of teaching and research. The faculty members are also engaged in conducting various research projects. Thus, the department is a potential place for good quality researches in life sciences as evident by research publications as well as review articles/papers in reputed, peer-reviewed and refereed International and National Journals. Faculty members have also contributed several chapters in the Edited books published by reputed National and International publishers (Elsevier, Springer, Nature etc.).

The Department also organizes a number of academic activities such as popular lectures by esteemed scientists, debates, quizzes and visits to various institutions. The Department has received funds under UGC-CPE, DST-FIST and also receives grants under DBT Star College Scheme. Departmental laboratories are enriched with advanced instruments, digital and virtual lab, e-museum, image projection system for demonstration of dissection, histological sections and cell biology slides. The department also has an animal house which runs under the guidelines of IAEC. Several web portals are used for online teaching. Department has its own YouTube channel which is used for teaching and conducting seminars and workshops.

Chitkara University, Rajpura, Punjab

Chitkara University, established in 2010 in Punjab by the Punjab State Legislature, is located 30 kilometers from Chandigarh on the Chandigarh-Patiala National Highway. Recognized under Sections 2(f) and 22(1) of the UGC Act, 1956, the university is renowned as one of the top private institutions in North India. It offers a broad spectrum of multidisciplinary, industry-relevant programs ranging from business management to healthcare and engineering. The university's expansive campus is strategically placed near several major cities including Chandigarh, Mohali, Panchkula, Ambala, and Patiala. Its educational facilities include modern amphitheater-style classrooms equipped with the latest ICT tools and advanced laboratories. Chitkara University emphasizes a dynamic educational environment that encourages co-curricular and extra-curricular involvement through various clubs and societies. Chitkara University is known for its robust academic infrastructure, strong national and international collaborations, and effective placement programs with frequent recruitment from top-tier companies. The university also hosts a significant number of international students, enhancing its cultural diversity and offering valuable global exposure through international exchange programs.

Chitkara College of Pharmacy, established within the university in 2005, has emerged as a leading pharmaceutical education and research center under Dean Dr. Thakur Gurjeet Singh. It provides advanced educational programs in pharmaceutical sciences and is recognized for its research excellence, ranking 16th in the NIRF India 2023 rankings among over 1000 institutions. The college is noted for its significant research outputs, including publications, patents, and collaborations, establishing it as a hub of pharmaceutical innovation and education in India.

Cotton University, Guwahati, Assam

Cotton University (formerly was Cotton College), located in the heart of the city , Guwahati, Assam ,was established in 1901 by Sir Henry Stedman Cotton, Chief Commissioner of the

former British province of Assam. It is one of the pioneer institutes of learning in higher education in North East India . It was upgraded to university in 2017 by the provisions of an Act from the Assam Legislative Assembly which merged Cotton College State University and Cotton College.

The University has progressed to become one of the top 200 institutions of the country (appearing on the list of 150–200 in the National Institutional Ranking Framework rank list in May 2020).It has been accredited A++ grade three times by NAAC. There are 23 departments in the University offering graduation, post graduation and PhD courses along with higher secondary education.

From politics to literature, science to arts, cultural to sports, Cotton University students have displayed their excellence in all fields . Students are present in different corners of the world. The institution's commitment to academic excellence and holistic development has produced leaders, thinkers, and innovators who continue to shape the cultural, social, and political landscape of Assam, cementing Cotton University's legacy as a cradle of greatness.

Chief Patrons

Prof. Sudhir K. Jain, Hon'ble Vice-Chancellor, Banaras Hindu University, Varanasi

Patrons

Prof. S.N. Shankhwar, Director, Institute of Medical Sciences, Banaras Hindu University, Varanasi

Prof. Javed Ahmad, President, National Environmental Science Academy, New Delhi

Co-Patrons

Prof. P.K. Goswami, Dean, Faculty of Ayurveda, Institute of Medical Sciences, Banaras Hindu University, Varanasi

Conveners

Prof. Anil Kumar Singh, Dept. of Dravyaguna, Faculty of Ayurveda, Institute of Medical Sciences, Banaras Hindu University, Varanasi

Dr. Shakeel Ahmad Khan, General Secretary, NESA & Professor/Principal Scientist, Division of Environmental Sciences, NRL Building, Pusa Campus ICAR- Indian Agricultural Research Institute, New Delhi,

Co-conveners

Prof. Pawan Kumar Verma, Sher-e-Kashmir University of Agricultural Sciences & Technology of Jammu

Prof. Nitu Shree, Major S. D. Singh P.G. Ayurvedic Medical College, Farrukhabad

Prof. Uma Dutta, Department of Zoology, Cotton University, Guwahati, Assam

Organizing Secretaries

Dr. Rajesh Kumar Singh, Dept. of Dravyaguna, Faculty of Ayurveda, Institute of Medical Sciences, Banaras Hindu University, Varanasi

Dr. Sanjeev Kumar, Dept. of Dravyaguna, Faculty of Ayurveda, Institute of Medical Sciences, Banaras Hindu University, Varanasi

Dr. Jasmeet Singh, Dept. of Dravyaguna, Faculty of Ayurveda, Institute of Medical Sciences, Banaras Hindu University, Varanasi

Joint Organizing Secretaries

Dr. Ayush Kumar Garg, Dept. of Dravyaguna, Faculty of Ayurveda, Institute of Medical Sciences, Banaras Hindu University, Varanasi

Dr. Lalit Nagar, Dept. of Dravyaguna, Faculty of Ayurveda, Institute of Medical Sciences, Banaras Hindu University, Varanasi

Dr. Uma Singh Sachan, Dept. of Dravyaguna, Faculty of Ayurveda, Institute of Medical

Sciences, Banaras Hindu University, Varanasi
Ms. Preeti Yadav, Department of Zoology, Udai Pratap Autonomous College, Varanasi, India
Dr. Vijay Mishra, Department of Biosciences, Rajiv Gandhi University of Knowledge Technologies - Nuzvid, Andhra Pradesh
Dr. Diksha Sharma, Chitkara College of Pharmacy, Chitkara University, Rajpura, Punjab
Dr. Sadhucharan Mallick, Department of Chemistry, Indira Gandhi National Tribal University, Amarkantak
Dr. Vandana Yadav, Rajmata Vijayaraje Scindia Krishi Vishwa Vidyalaya, Gwalior, India
Dr. Kumari Sunita, Deendayal Upadhyay Gorakhpur University, Gorakhpur

Scientific Committee

Prof. B. Ram, Dept. of Dravyaguna, Faculty of Ayurveda, Institute of Medical Sciences, Banaras Hindu University, Varanasi

About Varanasi

Varanasi, one of the oldest continuously inhabited cities in the world, holds a profound historical legacy that dates back over 3,000 years. Nestled on the banks of the sacred River Ganges in the northern Indian state of Uttar Pradesh, Varanasi has been a cradle of civilization and a witness to the rise and fall of empires. Originally known as Kashi, the city finds mention in ancient Hindu scriptures, establishing its cultural and spiritual importance. Throughout its history, Varanasi has been a center of learning, attracting scholars, philosophers, and theologians from across the Indian subcontinent. It has weathered the ebb and flow of time, surviving invasions and the march of empires, leaving behind a mosaic of architectural wonders that speak of its enduring legacy. The city's narrow alleys, ancient temples, and ghats (steps leading to the river) bear witness to the myriad stories etched into its stone walls. Varanasi is revered by Hindus as the spiritual heart of India, and it is considered a sacred pilgrimage site. The city is believed to be the abode of Lord Shiva, the deity associated with destruction and transformation, and millions of devotees flock to Varanasi to seek spiritual solace and liberation from the cycle of birth and death.

The city's ghats, particularly the Dashashwamedh Ghat and the Manikarnika Ghat, are central to the religious and cultural fabric of Varanasi. Pilgrims and visitors alike participate in the mesmerizing Ganga Aarti, a daily ritual where priests offer prayers to the river, accompanied by the rhythmic clang of bells and the glow of myriad oil lamps. The belief in the purifying properties of the Ganges River draws people from all walks of life to take a dip in its sacred waters, seeking spiritual purification. Varanasi's cultural significance extends beyond religion. It has been a hub for traditional arts, music, and dance, fostering the development of classical Indian art forms. The city's numerous festivals, such as Diwali and Holi, are celebrated with fervor, adding vibrant colors to the ancient stone structures. Varanasi's tourism is not solely driven by its spiritual allure but also by its historical and cultural treasures. The city is a living museum, with architectural marvels like the Kashi Vishwanath Temple, the Sarnath Stupa, and the Ramnagar Fort. The narrow winding lanes of the old city offer a glimpse into a bygone era,

with bustling markets and vibrant street life. Tourists can embark on boat rides along the Ganges, providing a unique perspective of the city's ghats and the continuous flow of life along the riverbanks. The bazaars of Varanasi offer an array of handicrafts, silk products, and traditional Banarasi sarees, enticing visitors with the rich tapestry of Indian craftsmanship.

In recent years, Varanasi has also become a hub for cultural and spiritual tourism, attracting international visitors seeking an authentic experience of India's diverse traditions. The city's unique blend of history, spirituality, and cultural richness make it an enchanting destination for those eager to explore the roots of Indian civilization. The temperature in Varanasi in Novemberl is comfortable with low of 25°C and high up to 35°C. If you enjoy looking at a blue sky and love the sun then this is a great time to visit Varanasi.

How to reach BHU Varanasi

By Air: Lal Bahadur Shastri International Airport of Varanasi (VNS) located at Babatpur is approximately 30 km away from BHU. One can easily book a taxi from the airport to reach the BHU campus in around 90 minutes of ride.

By Train:

Two major railway stations that connect Varanasi with almost all other major cities in India are Varanasi Junction (BSB), also popularly called as Cantt. Rly. Station and Pandit Deen Dayal Upadhyay Rly. Station (DDU), previously known as Mughalsarai station.

From Varanasi Railway Station (BSB) to BHU: BHU campus is about 10 km. from Varanasi Cantt. Railway Station. Round the clock auto-rickshaw and taxi services are available From Varanasi Cantt. Station to BHU (Lanka). The approximate journey time is 45 minutes.
From Pt. Deen Dayal Upadhyay Railway Station (DDU) to BHU : BHU campus is about 20 km. from DDU Railway Station. Round the clock auto-rickshaw and taxi services are available from DDU Rly. Station to BHU (Lanka). The approximate journey time is 75 minutes.

Call for Abstracts

The participants are invited to submit their abstracts on the theme and sub themes of the Conference. The abstract should be within 300-350 words in English font 'Times New Roman' with size of '12' in proper format. The abstracts will be released in 'Souvenir and Abstract Book' in the Inaugural Session of the Conference. The participants may send their abstracts by ***31st October, 2024*** by e-mail to **tmt3d2024@gmail.com**. All participant with selected abstract will have to pay the relevant registration fee, without payment the abstract will not process further. The selected abstract/paper will be published in SCI indexed journals.

The participants may present their papers in the Conference by oral/poster whereas UG and PG students of basic sciences are encouraged to demonstrate their innovative ideas through flow chart or models.

Guidelines for Abstract

Abstract must be submitted with following format:

1. Title of the paper.
2. Author's Name.
3. Affiliation.
4. Body (Background, Aim of the study, Methodology, Results, Conclusion).
5. Word limit 300 to 350 words.
6. 5-6 Keywords.
7. Corresponding author's contact and E-mail Id.

Poster Presentation

Papers are invited for poster presentation. The poster should be related with the topic and sub themes of the Conference. The poster size should be 3x4 feet.

Conference Award

The Organizing Committee of SASE -2022 will confer the following awards during the conference in each section:

1. **Best Oral Presentation Award**
2. **Best Poster Presentation Award**
3. **Best Innovation Award (B.Sc./M.Sc. students only for Innovative Ideas or Models)**

Important Dates

Conference Dates	**21-23 November 2024**
Registration and Abstract Submission Starts	**1st May, 2024**
Last Date of Registration without late payment	**31st October, 2024**
Abstract submission Deadline:	**31st October, 2024**

The above dates are mandatory and strictly followed by Organizing and Publication Committee.

Registration*

	Upto 30th Sept 2024	From 1st Oct 2024 to 15th Nov. 2024
Faculties/ Scientists/ Academicians Scientists/ Senior Resident/Postdoc	**Rs. 3000.00**	**Rs. 3500.00**
Ph.D. Student/ MD Student	**Rs. 2000.00**	**Rs. 2500.00**
Students (School/B.Sc./M.Sc.)	**Rs. 1000.00**	**Rs. 1500.00**
Corporate / Industry Delegates	**Rs. 5000.00**	**Rs. 6000.00**

*NESA Members will get Rs. 500.00 discount for the registration on the above mentioned each category.

Department of Empowerment of Persons with Disabilities (Divyangjan)

D.O. No. SK-22011/4/2023-Skill **17th January, 2024**

Dear Sanjay,

As you are aware that this Department has a pivotal role in spearheading the empowerment initiatives for Persons with Disabilities across the country. One of the objectives is to provide skill training and foster employment opportunities to the PwDs. To realize this objective the department has proudly launched a digital platform named PM-DAKSH-DEPwD-(accessible at www.pmdaksh.depwd.gov.in). This online portal serves as an integrated hub catering to the multifaceted needs of PwDs, training organisations, as well as employers and job aggregators. Within the framework of PM-DAKSH-DEPwD, we have meticulously developed the below two modules designed explicitly for delivering skill training and facilitating employment opportunities for PwDs, respectively:-

a.) **Divyangjan Kaushal Vikas:** The complete execution of the flagship Central Sector Scheme named National Action Plan for Skill Development of PwDs (NAP-SDP) is facilitated through the Divyangjan Kaushal Vikas section of PM DAKSH DEPwD portal. The section provides end-to-end facilities for PwDs interested in skill training. The facilities include Unique Disability Identity (UDID) based seamless registration, enabling enrolment in over 250+ skill development courses, e-learning digital resources, aids in identifying Training Partners in their state/District, access to study materials, as well as detailed information on the trainers.

b.) **Divyangjan Rozgar Setu:** The Department has undertaken a significant initiative by introducing Divyagnjan Rogar Setu, which is a specialised digital platform dedicated to providing information about the vacancies for PwDs in the various organizations. The platform is aimed to act as a bridge between PwDs and employers hiring PwDs. The platform provides geo-tagged-based information on employment/earning opportunities within private companies as well as details about PwDs from all over India. Further, the Department has taken proactive steps by establishing Memorandum of Understanding with various companies like Amazon, Youth4Jobs, Godrej Properties among others dedicated to enhance employment prospects for PwDs. Presently there are more than 3000 vacancies spanning various disabilities, thereby allowing PwDs nationwide to apply for roles aligned with their interests through the www.pmdaksh.depwd.gov.in

2. In line with our commitment, the Department is striving to actively engage Persons with Disabilities (PwDs) through PM-DAKSH-DEPwD platform, so that PwDs across disabilities can gain skill training and explore employment opportunities. Your cooperation in disseminating the information as in Annexure-1 regarding PM-DAKSH-DEPwD among all the PwDs is solicited. **I kindly urge the circulation of**

Contd../2-

Annexure 1 to the departments/subordinate offices/PSUs/Bodies under administrative control/Regional offices/Attached offices and similar entities. Additionally, I request to circulate the Annexure-1 within the reach of the respective Ministry/Department/Institute/Organization. This outreach can also extend to parents/organization/individuals associated with PwDs in any capacity. For any inquiries or assistance concerning PM-DAKSH-DEPwD please connect with the dedicated **helpline number 011-24369025 or e-mail at ds.skillnap-depwd@gov.in**. Your cooperation in this effort will significantly contribute to the empowerment of Persons with Disabilities.

Regards,

Yours Sincerely,

(Rajesh Aggarwal)

v.	**Chronic Neurological conditions** **(a) Multiple Sclerosis** **(b) Parkinson's disease**
vi.	**Blood Disorder:** **(a) Haemophilia** **(b) Thalassemia** **(c)Sickle Cell disease**
vii.	**Multiple disabilities from amongst persons under clauses (i) to (vi)**

2.. **Eligibility Criteria:**

2.1. Employees with Benchmark disability having valid certificate of disability shall be eligible to draw Transport Allowance at double the normal rates.

2.2. Persons with Benchmark disability has been defined under Section 2 (r) of the RPwD Act, 2016.

3. **Procedure to be followed for grant of Transport Allowance at double the normal rates:**

3.1 The condition of recommendation of the concerned Head of Department of the Government Hospital, is done away with in terms of guidelines notified by D/o EPwD vide Notification dated 04.01.2018, as modified from time to time. The Certificate of Disability issued by the Certified Medical Authority may suffice. Employees covered under the preceding Para B (1) (i) to (vii) above shall apply for grant of Transport Allowance at double the normal rates to the Administrative authority of their Departments on the basis of Certificate of Disability issued by the Certified Medical Authority in terms of guidelines for the purpose of assessing the extent of specified disability notified on 04.01.2018 by D/o EPwD. In case of any doubt, the case may be referred to the concerned Head of Department of Government Hospital. The allowance may be granted with effect from the date, the Certificate of disability is received by the Administrative authority in the concerned Ministry/Department.

3.2. In case of doubt over Certificate of disability, the Head of the Department may refer the employee to the Government Civil Hospitals/Medical Authority for getting confirmation regarding disability. The employee may be reimbursed the actual travelling expenses subject to a maximum Travelling Allowance admissible for a journey on tour without any Daily Allowance for the period of journey and for halts. The period spent on journeys and also at the hospitals shall, however, be treated as duty. If any fee is charged by the Central Govt. Hospital/Union Territory Hospital/ State Government Hospitals, it shall be reimbursed to the employees concerned.

3.3. Government employee who at the time of appointment submit valid Disability Certificate issued by Certified Medical Authority in terms of Notification issued by D/o EPwD dated 04.01.2018 as amended from time to time, would be granted Transport Allowance at double the normal rates from the date of appointment itself. In all other cases, the Transport Allowance at double the rates would be admissible from the date, the requisite certificate is received by the Administrative authority concerned.

3.4. Government employees already getting the benefit of Transport Allowance at double the normal rate on the basis of certificates obtained from Government Civil Hospitals as per earlier instructions, would continue to get it on the basis of those certificates.

4. **Rates of Transport Allowance:**

4.1. The rates of Transport Allowance had been revised vide this Department's O.M. No. dated 7th July 2017 as per recommendations of 7th Central Pay Commission. The following rates of Transport Allowance are admissible to Central Government employees w.e.f. 01.07.2017:

Employees drawing pay in Pay Level:	Rates of Transport Allowance per month	
	Employees posted in the Cities as per Annexure-I.	Employees posted at all Other Places
9 and above	Rs. 7200 + DA thereon	Rs.3600+ DA thereon
3 to 8 and those drawing Pay of Rs. 24200/- and above in Level 1 & 2 of the Pay Matrix.	Rs. 3600 + DA thereon	Rs.1800+ DA thereon
1 and 2	Rs.1350 + DA thereon	Rs.900 + DA thereon

4.2. Persons with Benchmark Disabilities prescribed in Para B(1) above, shall be eligible for Transport Allowance at double the above rates.

5. **Conditions for grant of Transport Allowance at double the normal rates:**

Transport Allowance at double the normal rates shall be admissible subject to the following conditions:

5.1. The allowance shall not be admissible to those employees who have been provided with the facility of Government vehicle.

5.2. In respect of those employees who opt to continue in their pre-revised pay-Structure/pay scales, the corresponding Level in the Pay Matrix of the post occupied on 01.01.2016 as indicated in CCS (Revised Pay) Rules, 2016 would determine the allowance under these orders.

5.3. For Level 14 and above, if staff car is admissible, such employees may exercise option to avail staff car or higher rate of Transport Allowance @ Rs.15750/- as admissible to the Officers drawing pay in Level-14 & above of the Pay Matrix in terms of this Department's O.M. dated 07.07.2017. Transport Allowance in lieu of staff car shall be at the rate of Rs.15750/- per month plus Dearness Allowance only and not at the double of this rate.

5.4. The Transport Allowance at double the normal rates shall be admissible irrespective of whether the eligible Government employees are residing within campus (housing the place of work and residence) or residing in a Government/ Private accommodation within one kilometer of the office.

5.5. Assessment of disability and Certified Medical Authority concerned who issue the Disability certificate, would be with reference to Notification No. 16-09/2014 –DD-III dated 04.01.2018 issued by D/o Empowerment of Persons with Disabilities (Divyangjan) and any subsequent amendments thereto. However, in case of any doubt with regard to assessment of disability and issue of Disability certificate, the case may be referred to the Head of Department concerned for particular disability in a Government Civil Hospital.

6. **Admissibility of Transport Allowance at double the normal rate during different circumstances:**

6.1. During leave: The allowance will not be admissible for the calendar month(s) wholly covered by leave.

6.2. During deputation abroad: The allowance will not be admissible during the period of deputation abroad.

6.3. During training, tour, etc.: If an employee with Benchmark Disability, is absent from the Headquarters/Place of posting for full calendar month(s) due to training, tour, etc., he/she will not be entitled to any Transport Allowance during that/those calendar month/months. However, if the absence does not cover any calendar month(s) in full, Transport Allowance at double the normal rate, will be admissible for full month.

6.4. During training treated as duty: In case the training is treated as duty, the allowance may be granted during such training, if no Transport Facility/Travelling Allowance/Daily Allowance is provided for attending the training institute. During official tour in the training course, the allowance will not be admissible when the period of the tour covers the whole calendar month. Also, during training abroad, no Transport Allowance will be admissible when the period of such training covers the whole calendar month.

6.5 During inspection/survey duty within the city but exceeding 8 kms from the Headquarters OR during continuous field duty either in or outside the Headquarters: In case the employee gets Road Mileage/Daily Allowance or free transportation for field /inspection/survey duty or tour for a period covering the whole calendar month, he/she will not be entitled to Transport Allowance at double the normal rate during that calendar month.

6.6 During vacation: The person with Benchmark Disability covered under Vacation staff is entitled to Transport Allowance at double the normal rate provided no free transport facility is given to such staff. However, the allowance shall not be admissible when such vacation spell, including all kinds of leave, envelops the entire calendar month(s).

6.7 During suspension: As a Government employee under suspension is not required to attend office, he/she is not entitled to Transport Allowance during suspension where suspension covers full calendar month(s). This position will hold good even if the suspension period is finally treated as duty. Where suspension period covers a calendar month partially, Transport Allowance at double the normal rate payable for that month shall be reduced proportionately.
