**Advertisement for the Post of Junior Research Fellow (JRF)**

Applications are invited for one (01) post of Junior Research Fellow (JRF) with a fellowship amount of Rs. 37,000/- per month plus HRA in the Anusandhan National Research Foundation (ANRF) funded Advanced Research Grant project entitled **“Indian Ocean paleothermometry and monsoon evolution using foraminiferal trace element and isotopic proxies”** (BHU project code P-07/1382). The project is sanctioned for **60 months (five years)**. The appointment is temporary and co-terminus with the project.

**Essential qualifications:** The candidate should be M.Sc. in Geology with at least 55% aggregate marks or an equivalent grade, and must have qualified in the NET or GATE examination. The upper age limit is 28 years (relaxable for 3 years in case of OBC and 5 years for SC / ST / Physically Handicapped / Female candidates will be preferred as per GOI rules).

Applicants should send a current curriculum vitae stating their name, parent's name, permanent and correspondence addresses, mobile number, email address, educational qualifications (starting from High School or equivalent) and research experience, if any. The application should include self-attested copies of mark sheets, certificates, NET/GATE score card and documents supporting any research or other experience. Applications should reach to **Dr. Dinesh Kumar Naik, Principal Investigator, Department of Geology, Institute of Science, Banaras Hindu University, Varanasi - 221005** by post or email at **dnaik.geo@bhu.ac.in** within 21 days of the date of this advertisement.

Only shortlisted candidates will be informed by email about the interview, which may be held online or in person.

No TA/DA will be paid for attending the interview.
