Section-1 BANARAS HINDU UNIVERSITY AT A GLANCE

The Banaras Hindu University (BHU), founded by Mahamana Pandit Madan Mohan Malaviya ji in 1916, is one of the most prestigious Central Universities in the country. An autonomous institution of distinction and having the Hon'ble President of India as its Visitor, BHU is the largest residential University in Asia. Being a living embodiment of such visionaries as Mahamana Malaviya ji, Dr. Annie Besant and Dr. S. Radhakrishnan, this seat of learning epitomizes a synthesis of ancient wisdom and modern scientific temper. Its holistic model of education, conceived and enriched by its illustrious founder, offers refreshingly new perspectives to young minds and nurtures and facilitates their creative talents.

The Founder's Vision

- "It is my earnest hope and prayer that this centre of life and light, which is coming into existence, will produce students who will not only be intellectually equal to the best of their fellow students in other parts of the world, but will also live a noble life, love their country and be loyal to the Supreme Ruler."
- "A teaching university would but half perform its function, if it does not seek to develop the heart power of its scholars with the same solicitude with which it develops their brain power. Hence, this university has placed formation of character in youth as one of its principal objects. It will seek not merely to turn out men as Engineers, Scientists, Doctors, Theologists, Merchants, but also men of high character, probity and honour, whose conduct through life would show that they bear the hallmark of a great university."

The University

This University was conceived as a residential university, keeping in view its objective of complete character development and thorough mentoring of students. Perhaps this is the only university in the world where courses ranging from nursery and primary school up to Doctoral/ Post-doctoral degrees are taught and pursued within a walled campus spread over 550 Hectares (1360 acres) and
